## ➤ Our Aims

To provide high quality, values based, transformational Christian schooling in an atmosphere of love, respect, peace, and discipline which will encourage students to achieve their full potential for God.

To partner with families and others in the intellectual, spiritual, physical, social, ethical, aesthetic, and emotional development of students.

To foster the development of character traits that prepare students to serve their families, communities, country, and the wider world, to God's glory and for the benefit of others as they respond to the teaching they receive.

To declare the explicit explanation of the Gospel in terms of the need for everyone to gain personal salvation through the work of Jesus Christ, and to help and encourage students to understand the challenges, responsibilities, and blessings of living as a disciple of Christ.

To resource and develop a dedicated Christian staff who are committed to the mission of the College through harnessing their vocational skills, spiritual gifts, love, and faith in God to positively influence the College community for God.

To apply organisational, financial, and administrative practices and programs which fulfil government and community educational requirements and are consistent with the revealed truth of the Bible.

To maintain affordability for families with an inclusive fee schedule that recognises capacity to pay as a financially sound not-for-profit organisation while investing in ongoing improvement through research, innovation, and training.
